

BRITT/PAULK

## HURRICANE PROTECTION COVERAGE

If the U.S. National Weather Service issues a "Hurricane Watch or Warning" for the area where the aircraft is principally based, the **Aviation Managers** will reimburse the **Named Insured** for a portion of the costs incurred by the **Named Insured** to protect the **aircraft** subject to the following;

- a) The **aircraft** must be relocated to another airport, which is at least 100 nautical miles away and not under a "Hurricane Watch or Warning".
- b) Reimbursement will only apply to any costs directly associated with the **aircraft** relocation due to attempted protection of the **aircraft** from a potential **physical damage** loss and not to any expenses or costs incurred due to activity planned prior or unrelated to the "Hurricane Watch or Warning" issuance.
- c) This coverage only applies to **aircraft** listed in Insuring Agreement III. **Physical Damage** Coverages as set forth in the Declarations.

The **Aviation Managers'** portion of the costs shall not exceed \$500 of the amount incurred by the **Named Insured** to relocate each **aircraft**, for any one **occurrence** during the policy period. The costs include the hiring of a pilot or pilots not employed by the **Named Insured** and who meet(s) the requirements of any pilot Endorsement attached to this policy. The **Named Insured's** costs must be properly receipted, documented, and submitted to the **Aviation Managers** for reimbursement within thirty (30) days from when the costs are incurred.
